Viking® on Nicolet® EDX
Electrodiagnostic Systems

Fast, efficient workflow meets improved patient care

The Nicolet EDX system combines state of the art technology with over 60 years of proven clinical knowledge and innovation to set new standards for EMG, NCS, EP and IOM testing.

With the industry leading Viking software, users can benefit from a familiar clinical workflow and user interface together with full patient and protocol compatibility with existing Viking products.

Advanced, innovative clinical features:
• Multi-MUP
• SFEMG
• MUNIX
• Quantitative Analysis
• IOM

Technology-driven flexibility:
• Rapid response clinical workflows
• Customizable reports
• Extensive database accessibility
• HL7 Gateway & advanced connectivity

NEW USB control panel option

Viking Software Features
Innovative features developed to reduce artifacts, reduce operator errors, and improve ease of use. Viking software not only provides exceptional quality electrodiagnostic studies for routine examinations, but also in the most difficult clinical environments. Viking software is a global leader for use in clinical research.

New! with latest software release:
- 16 channel clinical IOM/EP option
- Multi-MUP, SFEMG & clinical workflow improvements
- MUNIX & Quantitative Analysis improvements
- HL7 Gateway & connectivity options
- Nerve Conduction, F Wave & H Reflex enhancements
- Enhanced database & report functionality
- Improved user interface for changing setups/protocols

A Clinical Leader in Exam Options
Motor Nerve Conduction
Sensory Nerve Conduction
Combined Sensory Index
Combined Motor & Sensory F-Wave
H-Reflex
Blink Reflex
Repetitive Nerve Stimulation
Inching Studies
Needle EMG
Single Fiber EMG
Multi-MUP Analysis
Turns and Amplitude Analysis Macro EMG
Somatosensory Evoked Potentials
Auditory Evoked Potentials
Visual Evoked Potentials
P300
Contingent Negative Variation
R-R Interval
Sympathetic Skin Response
Galvanic Skin Response
Intra Operative Monitoring
CMAP Scan
MUNIX
Conduction Velocity Distribution
Triple Stimulation (Not available in US)
Tremor Analysis (Not available in US)

Service
Excellence in customer and technical service is a core value of Natus Neurology.

Essential Support Elements:
- Accessible and effective Technical Support
- Definitive technical documentation and knowledgeable installation teams
- Excellent replacement unit or spare part availability
- Extended warranty and service coverage programs
- Comprehensive, flexible customer training courses

Supplies
Natus Neurology offers a full range of neurodiagnostic supplies.
- Dedicated and knowledgeable customer service
- Streamlined order processing to save you time
- Convenient online portal (US Customers only)

Natus Neuro Store – www.natusneurostore.com

To learn more about Natus Neurology Service Programs or our full line of Supplies, contact your local distributor or sales representative.
