

Giving babies oral care with comfort

Ordering Information

Custom medical grade foam over cotton, non-sterile.

Item	Part#
Extra small 6 mm wide and small 9 mm wide OraSwabs 1 pair per pouch, 200 pouches per box, 400 swabs per box	006481

Using OraSwab is safe and simple

Babies enjoy it

Caregivers report that babies enjoy the gentle swabbing action. Oral care takes only a few minutes to administer at touch time, once per shift, or as needed. (Be sure to follow your hospital protocol.) In addition, it provides an excellent opportunity for proactive family involvement when family, staff and baby are ready. Parents often are able to perform the oral care protocol and feel involved in their baby's care.

- Foam tip applicator is soft, safe and absorbent for your oral care applicator needs
- Two convenient sizes paired in each pack:
 - Extra small 6 mm wide
 - Small 9 mm wide
- Intended use is general cleaning and removing bacteria with solution
- Cotton under the foam provides extra absorbency

Comfortable oral care

Combined foam and cotton tip for extra absorbency

Healthcare solutions with one thing in mind. You.
