

# Hawaii Medical NeatNick™ & TootSweet™ Combo Bag

**Comfort for your babies and convenience for your clinicians!**

Full-Term  
NeatNick  
Bagged with  
2 ml TootSweet  
Twist-Tip™ Vial

Preemie  
NeatNick  
Bagged with  
1 ml TootSweet  
Twist-Tip™ Vial

Now NeatNick and TootSweet are available together, in one polybag. Each perforated bag contains one vial of TootSweet 24% sucrose solution and one NeatNick heel lancet.

- Administer just a drop at a time before painful procedures – like heel sticks.
- Less waste and no more spills.
- Meets USP criteria for Antimicrobial Preservative Effectiveness Test.
- The FIRST sucrose solution that's guaranteed mold and bacteria free.
- TootSweet vials and cups also are available separately.
